- Vita was extremely personable and made class enjoyable. He was realistic about the course work and open to all questions students had regarding the material.
- everything. he is the best math teacher that i have ever had. his enthusiasm literally made me excited to go to class and i wish he could be my instructor for all of my math classes. he would always incorporate things to keep us interested in class and never stopped explaining a topic until we all completely understood it.
- He was the best instructor I could have asked for. He should keep doing everything he already is.
- I think that he was a great instructor. He was very helpful when I had questions I needed help with. I think it was cool that we occasionally got to learn some Czech at the beginning of some classes. I think this helped keep students entertained and focused on class.

- .

- May explain more clearer.

- Love ya big guy. I'm gonna miss ya.

- The exams were too hard.

- more czech words

- more examples

- slow down

- I believe spending more time on word problems would benefit everyone in MA 223

- I don't think that Vita needs to do anything differently with he's teaching. He has done an excellent job and I think the course is a lot of fun and pretty easy thanks to him.

- My only criticism of my instructor is that he should not leave Purdue
